EDUCATION

Master of Public Health (MPH)

May 2018

San Francisco State University (SFSU), San Francisco, CA

Thesis: *“Racial capitalism, San Francisco’s housing crisis, and the healthcare utilization patterns of group quarter and low-income residents”*

Honors: 2018 Distinguished Graduate Achievement, College of Health & Social Sciences

Bachelor of Science (B.S.), Business Administration

May 2009

University of Southern California (USC), Los Angeles, CA

RESEARCH EXPERIENCE

Research Associate, Health Equity Institute

Mar. 2017 - Present

Community Health After Neighborhood Transformation (CHANT) Study, San Francisco, CA

Principal Investigators: Leslie Dubbin, PhD; Irene Yen, PhD; and Laura Mamo, PhD

- Conduct and analyze in-depth interviews with public housing residents undergoing mixed-income redevelopment of their neighborhoods. Analyze interviews for themes related to structural violence, trauma, race, and health justice/injustice.
- Perform quantitative and spatial analysis using census and clinical data with the primary aim of examining neighborhood-level effects of health and housing disparities.
- Conduct comprehensive literature review on public housing policy, mixed-income redevelopment, race, class, and health of public housing residents and contribute to manuscript development and presentations.

Research Assistant, Social Innovation and Urban Opportunity Lab (SOUL)

May 2017 – May 2018

Geography of Homelessness (GOH) Study, University of California San Francisco and SFSU, Oakland, CA

Principal Investigators: Margaret Handley, PhD; Antwi Akom, PhD; and Aekta Shah, EdM, SFSU

- Conducted in-depth interviews among a sample of homeless adults over age 50 facing chronic homelessness, using perceptual mapping methods to capture the geography of homelessness focusing on the immediate and proximate past (last 24 hours and previous week).
- Conducted geo-narrative interviews using the mobile mapping platform, Streetwyze, to explore the geographical stories of homeless older adults in the Bay Area.
- Prepared analytic memos summarizing major themes related to race, place, gentrification, social service resources, and health status of participants. Assisted in the on-going protocol, research method, and manuscript development.

Housing and Preterm Birth Community Assessment Team Member

Jan. 2017 – Aug. 2017

Benioff Community Innovator Project (BCIp), San Francisco, CA

Principal Investigator: Jessica Wollin, MPH, MCRP

- Conducted comprehensive literature review on the connections between housing instability and poor birth outcomes. Contributed to protocol development, sample design, and participant recruitment.
- Conducted in-depth, key informant interviews among professionals working in systems-level positions on housing and health in San Francisco.
- Analyzed key themes, recommendations, presented findings to local stakeholders, and contributed to the development of the final assessment report: <https://view.publitas.com/ucsf/benioff-community-innovators-assessment-report-2017/page/1>

TEACHING EXPERIENCE

Graduate Teaching Assistant, Women's Health and Human Rights
San Francisco State University, San Francisco, CA

Jul. 2016 – Aug. 2016

- Developed course materials in conjunction with instructors and fellow teaching assistants, managed the online learning of students including grading assignments and providing feedback; HED 414, summer 2016 term (Dr. Mary Beth Love)

WORK EXPERIENCE

Medicaid Program Specialist

Aug. 2015 – Present

Centers for Medicare & Medicaid Services (CMS), San Francisco, CA

- Regional subject matter expert on federal home and community-based services (HCBS) programs, supportive housing, Medicare-Medicaid financial alignment initiatives, and preventive health care services for children.
- Provide technical assistance to states on interpreting and applying federal policy and regulations as they work to administer new and existing Medicaid programs.
- Monitor program quality and beneficiary health and welfare by reviewing annual utilization, expenditure, and quality reports, as well as, conducting comprehensive compliance reviews and issuing technical reports summarizing findings and recommendations for corrective action.
- Work closely with state governments, CMS contractors, beneficiaries, healthcare providers, community groups and others to provide education and address questions about federal regulations, initiatives, and policy in such issues areas as coverage and payment.

Hospital Information Coordinator

Mar. 2015 – Aug. 2015

OneLegacy, Los Angeles, CA

- Supported organ and tissue donation efforts through coordinating monthly reporting and quality monitoring for 100 hospitals within the Greater Los Angeles organ donation service area.
- Aggregated and analyzed hospital data for adherence to federal regulations. Prepared reports and dashboards for donation development, hospital in-service training, and quality improvement activities.
- Served as the Systems Analyst for quality control of electronic donor information; led process improvement study on Donor Information/Medical Records Turnaround Time including providing internal and external training to improve collaboration and efficiency.

Analyst, Ethiopian Hospital Management Initiative

Oct. 2012 – Nov. 2014

Clinton Health Access Initiative, Tigray, Ethiopia

- Provided technical support to Regional Coordinator, Tigray Regional Health Bureau, and 16 public hospitals on national hospital standards, performance monitoring and improvement, data collection, and analysis for training and development.
- Successfully rolled out national key performance indicator databases and provided in-service training for Health Information Management teams at all 16 public hospitals.
- Utilized multimedia to document and present best practice case studies on Surgical Site Infection Prevention and Environmental Hygiene and Sanitation to stakeholders throughout the region.
- Participated in the Health Partners Network and Regional Health Consultative Forums to improve communication and collaboration among organizations working in health sector development.
- Secured CDC funding for regional conferences, trainings and performance review meetings through proposal development, content research, program design and implementation.
- Trained rural community health workers on mobile health technology for data collection and surveillance.
- Developed and led weekly after school programming for boys and girls clubs focused on gender equity, life skills training, and HIV/AIDS prevention education.

Other professional positions held

Sales Support Officer, Bank of America, Pasadena, CA
Assistant Banking Center Manager, Bank of America, Chino, CA
